

Example Quotation Request Form

Website: www.celignis.us, Email: info@celignis.us, Phone: 319-509-3350

Here is an example of a filled-in quotation request form. In the Table below the information is provided for one sample. In the Table on the following page several samples are included, since they all have the same properties and analysis packages requested.

Sample Name	Type of Sample		Wet or Dry		Particle Size		Approx. Weight (g)	Analysis Packages Selected		
Miscanthus stem - Sample of Miscanthus x giganteus taken from a field in May 2024.	Grass	<input checked="" type="checkbox"/>	Wet	<input type="checkbox"/>	Solid	<input type="checkbox"/>	100	P2 - Moisture Content	<input type="checkbox"/>	
	Wood	<input type="checkbox"/>						P3 - Ash Content	<input type="checkbox"/>	
	Agricultural Residue	<input type="checkbox"/>						P4 - Ethanol-Soluble Extractives	<input type="checkbox"/>	
	Municipal Waste	<input type="checkbox"/>	Dry	<input checked="" type="checkbox"/>	Chopped (>0.85mm)	<input checked="" type="checkbox"/>		P5 - Water-Soluble Extractives	<input type="checkbox"/>	
	Animal Waste	<input type="checkbox"/>						P6 - Exhaustive Extractives	<input type="checkbox"/>	
	Treated Biomass	<input type="checkbox"/>			Ground (<0.85mm)	<input type="checkbox"/>		P7 - Lignocellulosic Sugars	<input type="checkbox"/>	
	Other	<input type="checkbox"/>						P8 - Lignin	<input type="checkbox"/>	
								P9 - Sugars and Lignin	<input type="checkbox"/>	
								P10 - Sugars; Lignin; Extractives; Ash	<input checked="" type="checkbox"/>	
								P11 - NIR Prediction Package	<input type="checkbox"/>	

In this table several samples, all of the same type and status (particle size, wet/dry) are listed for analysis under the same packages.

Sample Name	Type of Sample		Wet or Dry		Particle Size		Approx. Weight (g)	Analysis Packages Selected	
1. Sugarcane bagasse 1 2. Sugarcane bagasse 2 3. Sugarcane bagasse 2 4. Sugarcane bagasse 2 5. Sugarcane bagasse 2 6. Sugarcane bagasse 2	Grass	<input type="checkbox"/>	Wet	<input type="checkbox"/>	Solid	<input type="checkbox"/>	50 (each)	P2 - Moisture Content	<input type="checkbox"/>
	Wood	<input type="checkbox"/>						P3 - Ash Content	<input checked="" type="checkbox"/>
	Agricultural Residue	<input checked="" type="checkbox"/>			P4 - Ethanol-Soluble Extractives	<input type="checkbox"/>			
	Municipal Waste	<input type="checkbox"/>	Dry	<input checked="" type="checkbox"/>	Chopped (>0.85mm)	<input type="checkbox"/>		P5 - Water-Soluble Extractives	<input type="checkbox"/>
	Animal Waste	<input type="checkbox"/>						P6 - Exhaustive Extractives	<input type="checkbox"/>
	Treated Biomass	<input type="checkbox"/>			P7 - Lignocellulosic Sugars	<input type="checkbox"/>			
	Other	<input type="checkbox"/>			Ground (<0.85mm)	<input checked="" type="checkbox"/>		P8 - Lignin	<input type="checkbox"/>
								P9 - Sugars and Lignin	<input checked="" type="checkbox"/>
			P10 - Sugars; Lignin; Extractives; Ash	<input type="checkbox"/>					
		P11 - NIR Prediction Package	<input type="checkbox"/>
